Fayetteville, GA

Dear Dr. Namazova,

On behalf of the American Academy of Pediatrics and the Department of International Child Health, I would like to thank you for serving as faculty during our International Child Health Session at the National Conference and Exhibition in Washington, DC. The session, *Global Health: Preventing Toxic Stress and Promoting Resiliency*, was a success, with over 200 participants. Your contribution and involvement in the session has garnered great feedback so far. The audience submitted more than 20 questions to the panel, and although we were not able to answer even half of them, we hope that the discussions that followed left a lasting impression on you and our participants in how to promote healthy development and minimize toxic stress.

Thank you again for contributing to this session, and I look forward to collaborating with you again at future events.

Sincerely,

A handwritten signature in black ink, appearing to read "Jonathan Klein".

Jonathan Klein, MD, MPH, FAAP
Associate Executive Director
